**Policy for Slow and Advanced Learners**

***Learning***

Jeevandeep Law College uses various teaching techniques for our slow learners to help them understand things more clearly and develop their knowledge and skills.

Our college identifies a slow learner through various factors like their academic performance, their ability to understand a concept, the time they take to understand a concept, the difficulty they face in recalling information, etc.

Jeevandeep Law College has its mission of achieving academic excellence to strive towards to identify various learning levels of students so as to cater their specific educational needs. Students who are admitted to the college are from the various backgrounds and taking this into the consideration about the various requirements of the students it is necessary to identify the Slow and Advanced learners at the entry level itself.

Slow Learners are those students who find it difficult to grasp the subject which is being taught during the lectures. Their slow learning capacity is not due to lack of learning capacity but because of lack of motivation, support, language, background etc whereas the advanced learners are those students who have self-motivation and higher understanding capacity so they can score good marks.

At Jeevandeep Law College, we provide special assistance to slow learners to benefit from personalized instruction tailored to their pace and learning style. Teachers focus on the specific strengths and weaknesses of the student, providing him with the necessary support and guidance. We provide special support to students, focusing on improving their academic performance, increasing their confidence and encouraging active engagement and participation.

The Objectives of this policy-:

1. To identify the slow and advanced learners
2. To fill the gap between slow learners and advanced learners
3. To adopt such policies and plans which will benefit both slow and advanced learners

Identification of Slow and Advanced Learners at the entry level.

**(AFFILIATED TO MUMBAI UNIVERSITY & APPROVED BY BAR COUNCIL OF INDIA)**

Slow Learners

- Lack of Interest and self – motivation
- Less marks scored in previous exams
- Inability to understand the concepts and theories
- Lack of interactions with teachers during lectures

Advanced Learners

- Higher interest and self motivation
- Higher scores in examination
- Higher capacity to understand the concepts and theories
- Continuous interaction with teachers during the lectures.

Methods for handling slow and advanced learners

For Slow Learners

- Providing special attention to those students who have been identified as slow learners
- Encouraging such students so that they can interact more during the class
- Providing Special guidance through lectures
- Providing guidance on how to write answer in the exam, explain various concepts and case laws wherever possible

For Advanced Learners

- Encouraging such students who are identified as advanced learners so that they can participate in various academic competitions at state, national and international level.
- Continuously motivating them to write research papers
- Providing better guidance for higher academic growth and proper career planning
- Encouraging such students so that they can participate and enrolled themselves in various certificate courses.

**Report on Mentoring Session**

A mentorship program which was organized on 12<sup>th</sup> September, 2019 at Jeevandeep Law college is a structured and organized initiative that facilitates the pairing of experienced individuals (mentors) with less experienced ones (mentees) to provide guidance, support, and knowledge transfer.

Jeevandeep Law College has conducted mentoring session for the development of the students. During this session students were divided into various groups depending on the marks scored by them and accordingly mentor students had conducted various activities like debate, question – answer session etc which will help the mentee students to know about their mistakes and weakness.

Major issues which were raised by the mentee students were solved by the Mentor students viz

1. How to cope up with anxiety of not being able to attend regular lectures
2. How to complete daily tasks so as to avoid accumulation of portion during exam time
3. How to prepare self notes which will help to go through during exam times

Mentor – Mentee concepts were explained to all mentees and they were asked to contact their mentor students in case of any difficulty faced by them, they were made aware about what benefits they will be getting through this mentoring session.

Thus through mentoring session students got benefitted and it proved to be beyond teaching advancement in the educational and personal growth of the mentee

## **Student Mentoring Session**

Student Mentoring sessions between students and academic advisors or mentors provide personalized support and guidance that can significantly enhance a student's academic and personal development. One-to-one sessions allow for personalized feedback and provide areas for improvement.

Objective of the Session:

- Provide personalized academic support and guidance.
- Address specific concerns or challenges the student is facing.
- Discuss career aspirations and professional development.
- Review and provide feedback on academic progress and performance.

How Student Mentoring session is beneficial for students

- Brief overview of objectives.
- Establishing a comfortable environment for discussion.
- Discussion of current grades and coursework.
- Identification of strengths and areas for improvement.
- Exploration of career interests and aspirations.
- Setting academic and career goals.

Thus this session provides valuable insights into the students academic and career development needs. The students feel more comfortable with their senior colleagues thus creating friendly environment which in turn helps students to get more clarity on the complex topics and concepts. They can get proper guidance on how to write exams through their seniors experience.

**Report on Moot Court Competition**

The Moot Court Competition held on 5<sup>th</sup> June, 2019 was an engaging and intellectually stimulating event where students showcased their advocacy skills in court room environment. The competition was structured to stimulate a real appellate court proceeding, with teams arguing both sides of hypothetical legal case.

The competition comprised several rounds including preliminary rounds, semi final and final round. Each team was required to prepare written submission (Memorial) and delivered oral arguments before panel of judges composed of legal professional and academics. Judges evaluated the team based on criteria such as legal analysis and clarity of argument.

At the conclusion of the competition, awards were presented to the teams and individuals who excelled in various categories including Best Memorial, overall team performance. Thus Moot Court Competition proved to be a platform where participants showcased their advocacy skills.

## ***Seminar on Procedural laws***

Topic – Seminar on Procedural laws

Date – 24 September, 2022

No of Participants –46

Guest Speaker – Prof. Subash Sonkar Sir

Objectives of seminar

- To prevent delaying the investigation and trial process.
- To ensure attendance of any person concerned with a case with the various available measures like warrant, summons, attachment of property, proclamation, etc.
- To punish the wrongdoer and to deter him/her from repeating the commission of the crime again.

The Criminal Procedure Code, 1973 refers to working of the criminal justice system from the commission of a crime, investigation of crime and until the sentence against the accused is passed and the case is closed. With the aid of several examples and important cases, Sir explained the nuanced distinctions between Investigation and Inquiry and their significance in court proceedings. Sir discussed the statutory law relating to trial and punishment along with the practical aspects of jail and life of a prisoner.

All the students of our college were the beneficiary of the Guest Lecture conducted on Criminal Procedure Code. Thus lecture was ended with vote of thanks.

### **Outcomes of Seminar:-**

- Identify the stages in investigation and procedure of trial in criminal cases.
- Understand the procedural nuances of criminal court inquiry and trial.
- Make the distinction between different types of trials provided under the code.

## ***Seminar on Intellectual Property Rights (IPR)***

Topic – Seminar on Intellectual Property Rights

Date – 17<sup>th</sup> August, 2022

No of Participants – 46

Guest Speaker – Shri. I.A.R. ShaikhSir

### **Objectives -:**

- To train participants about the mechanism of assessing and using IPR information for further research
- To make the students aware of their rights for the protection of their invention done in their project work.

A seminar on Intellectual Property Rights was conducted on **17/08/2022** at Jeevandeep Law College. This seminar was organized to create awareness among students and teachers regarding IPR and its protection. Understanding the patent process is essential for inventors to protect their inventions and innovative ideas. Through the various stages of patenting, individuals can safeguard their intellectual property, promote innovation, and contribute to technological advancement. By keeping this in mind Guest Speaker Shri. I.A.R. Shaikhsir had provided an overview of the various aspects involved in the patent process. While specifying what can and cannot be patented, He discussed certain types of inventions and subject matters that are generally not eligible for patent protection. He enlightened the audience with the key steps involved in patent processing and patent requirements. Further he also discussed the benefits and challenges of patent. The seminar helped the students to realize the need of striking balance between encouraging innovation and guaranteeing fair competition.

### **Outcomes -:**

- Seminar creates awareness of Intellectual Property rights (IPR) among participants with special reference to patenting
- Participants Got knowledge of patent-related terminologies.

***PROGRAM: LAW***

***BRIDGE COURSE IN LAW***

***TITLE: BASICS OF LAW***

***2022 - 2023***

**PREFACE**

The application of law has brought dynamic changes to the international legal system. Internal Quality Assurance Cell continuously undertakes various quality initiatives to strengthen technical subjects in the institute. A compulsory introductory/bridging course is developed as part of a model curriculum for first-year law students to help students from diverse backgrounds engage in first-year law, especially those from non-business streams who find it difficult to apply law at the basic level so that they can adapt in the new environment of the institution. As it is known that students seeking admission in BA in Law have passed their 10+2 in different streams but it was felt that a student joining Law program after 10+2 requires strengthening of law i.e. fundamental rights and responsibilities. This bridging course aims to accelerate students' knowledge of law acquired at 10+2 level and to bridge the gap for those students who have not studied the subject at 10+2 level, hence the need was felt to understand the basic concepts to understand the actual syllabus, and therefore, a two-week bridging course was made compulsory for students from other streams and for those students who find the subject difficult.

**Course objectives**

1. To introduce the basic concepts and definitions of law.
2. To prepare students to face challenges in real life through application of Law

This Course will help students to learn the basic concepts relating to Definitions of Law, Sources of Law, Classification of Law. It will further help to understand complex application of Laws like Constitutional Law, Jurisprudence.
