

	widening of exposure to Practical aspects of Law to ease the gap between academics and practice.	for Greater emphasis on case study based subject teaching that can encompass application of various laws.	education system itself was within the imprisonment of the Covid-19 pandemic. However, apart from regular lectures the College conducted several online events for the convenience of all stakeholders, which events include webinars and other programs that boosted value-addition to the course and syllabus.
Advocates	Positive Response holistically. Not much of suggestions other than the template	On analysis of the advocates' feedback it is evident that strides have to be made on encompassing practical training, alternate dispute resolution systems and process of Courts.	The College mitigated the loss of field trips like Court visits, Prison visits by conducting seminars wherein experts in the field can enlighten the students with various aspects of practice of Law. Such endeavors included virtual lawyer client sessions, health and hygiene etc.

Conclusion: The collection of feedback data on curriculum, its analysis thus has helped the college to undertake various modes of teaching other than regular subject lectures so that each such endeavor empowers the students to remain adept in their field of studies.
